

PROGRAMS & SERVICES

ART THERAPY

Art Therapy

This program can be launched after the first round of barn refurbishment. The art studio will be located on the second floor of the barn, overlooking nature and the ocean. We are partnering with the Florida Keys Council of the Arts, the Studios of Key West, and individual artists. There will be an art therapist on staff, providing mental health services while partnering with community artists. The number of children and families served will be similar to equine therapy, approximately 30 per week.

- Partners with local artists
- Studio on 2nd floor of barn
- Launch after barn refurbishment
- Certified art therapist
- Mental health services
- Approximately 30 patients weekly
